

## CR-IR2001

### IR Radiator

#### Product Function

CR-IR2001 radiator. Emissive power option can achieve 20m (25w)/30m (15w).

#### Product features

- Compact and elegance appearance.
- Super strong emissive ability achieves 50m (25w) and 30m (15w).
- On/off simultaneously with the controller.
- Emissive power adjustable (15w/25w).
- Can connect several radiators together.
- Half value emission angle  $\pm 30^\circ$ .

#### PARAMETER

Power	AC100-240V	Emissive power	15W/25W (option)
Average emission angle	$\pm 30^\circ$	Radio frequency	Resistance 50 $\Omega$ voltage 150Mv-3v
Maximum area	300M <sup>2</sup> (15W)	Dimension	433L $\times$ 232W $\times$ 51H(mm)
Weight	5kg	Color	Grey
